While we are declining to exercise our jurisdiction over the Petitioner's construction and operation of the proposed Vermillion Generating Station, it should be a condition of Petitioner's certificate and our continued declination of jurisdiction over Petitioner's operations that it file with the Commission an Annual Report as provided in I.C. 8-1-2-49 *and provide such other information as the Commission may from time to time request.* (Emphasis added).

Order at 5.

Pursuant to the specific conditions set forth in the Order, the Petitioner is hereby directed to respond to the following questions:

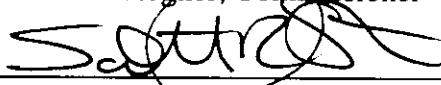

1. Please provide the total number of operating hours for 2002 and 2003.
